DETAILED ACTION

Note: This is in response to Amendment filed 05/11/2006 and furthermore, a terminal disclaimer filed 05/11/2006 has been received and made of record.

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

'A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 1-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Blake III (U.S. 5,192,294).

Blake III discloses the claimed invention in figures 2, 3, and 8-11, a method of cutting a plug of tissue from the wall of a blood vessel including the steps of: piercing the wall of the blood vessel with a piercing element (7) to form an opening in the vessel; cutting plug of tissue surrounding the opening in the vessel and clearly capable of cutting any additional plugs of tissue if needed; inserting a trocar (6) around the piercing element (7) and into the punched hole in the vessel; retracting the piercing element (7) into the trocar (6); and removing the piercing element (7) at least partly or fully from the trocar (6).

Response to Arguments

2. Applicant's arguments, see remarks, filed 05/11/2006, with respect to the rejection(s) of claim(s) 1, 11, and 16 under 102 (e) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Blake III.
